

Shannon M. Hodges

Optimistic, passionate, helpful, and creative are just a few words that describe Shannon M. Hodges, YBC Secretary. Shannon is one of YBC's first supporters and often shares her organizational and creative writing skills with the team. A native Washingtonian, Shannon has extended her interest for spearheading community groups that serve the elderly (DC Dept. Of Aging and Ft. Washington Rehab) and troubled youth (DYRS) to the internet platform YBC. Shannon's goal is to constantly use her gifts and talents to encourage others and be an example of how God's love can transform and heal. Shannon is also known as 'The Voice of YBC' having written and performed the 'YBC Theme' song with DC based producer, James 'TrackDealer' Milton. She has been an ASCAP member since 2004 and still takes pleasure in performing for community programs whenever prompted. "YBC spreading love on the internet."
